

Kingham Book Day

Last Friday, we finally celebrated our annual book day with some activities in class and - most importantly - dressing up as our favourite book characters.

We were really impressed with this year's outfits. Pictured are some of our favourite costumes.

Spring Family Days - Science Oxford

Family Days are back at the Science Oxford Centre. The centre is now open to families every Saturday from 22 May. Discover, experiment and play in the Exploration Zone, explore trails and wildlife around their woodland and identify pondlife from the decking.

Children can get hands-on and experiment with a range of exhibits – create and test flying designs at the Air Table, marvel at momentum with spinning discs at the Turntable, and try to beat the Scarf-shooter. Solve puzzles, light up circuits and get the cogs whirring with their fun, mind-melting activities!

Bring your wellies and enjoy some fresh air with a walk around the 15-acre woodland. Pick up an activity sheet and follow the trails to spot the wildlife, and you can enjoy your packed lunch at the picnic tables on sunny days. Your ticket includes two hours in the Exploration Zone and access to woodland all day. [Book tickets](#)

Class Email Addresses

Class email addresses were used during lockdown for parents to be able to stay in touch with teachers. These email addresses are no longer being used. From now on, if you wish to get in touch with your child's teacher, please use the office.2106@kingham.oxon.sch.uk address.
