Year 3 discover life in the Stone Age

Our Year 3 pupils stepped back in time yesterday on a trip to Hill End in Oxford for a full Stone Age experience.

Students were immersed in hands-on activities that brought prehistoric Britain vividly to life.

The day began with a guided walk through the surrounding woodland, where our children learned how early humans might have used

natural resources for food, shelter, and tools. They loved spotting animal tracks, examining flint, and imagining what the landscape might have looked like thousands of years ago.

One of the highlights of the trip was the opportunity to handle replica Stone Age tools and artefacts. Under expert guidance, students practised grinding grain, shaping simple tools, and building mini shelters using sticks, leaves, and clay. They were fascinated to discover how much skill and teamwork early humans needed to survive.

The day ended with storytelling around a campfire where our students experienced how important shared stories and community were and are to this day.

Parent Readers

We are looking for parent volunteers who would like to come in and read with our children. Even a small amount of time can make a big difference to their confidence and enjoyment of reading. Volunteers will need to be willing to complete a DBS check. If you're able to help regularly, please contact the office.

Top Ten Times Tables Rockstars (TTRS)

Congratulations to the following students for their hard work on TTRS over the last 7 days – 50 house points each.

Fire Station Adventure

Year 1 children had an exciting trip to Chipping Norton Fire Station yesterday, where they explored *real* fire engines, tried out equipment, and learned how firefighters help to keep our community safe.
